WELCOME

from the Greater Ashtabula Chamber Executive Director

It is our pleasure to work with the Gazette to present this beautiful directory celebrating our membership. There are exciting things happening in Ashtabula County and the Greater Ashtabula Chamber of Commerce is excited to be surrounded by it all. So much of the great momentum our area is experiencing is because of the efforts of the member businesses you will find in this directory. We are proud to call this group of businesses our members and want to thank them for all their efforts that make Ashtabula County a great place to live, work and play. Our hope is this directory will serve as a comprehensive list of where to go if you need anything in any category of service whether you live here or are visiting.

Sincerely, **Greg Church**

Testimonials provided by current Greater Ashtabula Chamber Members:

"The Chamber has brought attention to my business in ways I never thought possible. The networking that the Chamber has made possible is incredible. Kudos to the Ashtabula Chamber crew!"
— Michael Roach, Sticky Fingers BBQ & Cafe and Catering

"After receiving the information on the energy savings program through the Chamber, signing up was easy. All they needed was a copy of our utility bills and a signed authorization for them to act on our behalf emailed over. After that we were given choices of how much we could save over a definitive period of time. After reviewing the proposals, we did take advantage of the energy savings program both for our residence and business and will save 300.00 and 400.00 per year respectively. The process was very quick and simple. Thanks Greater Ashtabula Chamber of Commerce for bringing to our attention this great program!"

Occupational Health Services

ACMC is committed to improving the health of our community. Providing occupational health services is one way we can positively impact the population most important to you — your employees.

Our goal is to collaborate with businesses to foster a safe and healthy work environment that reduces work-related injuries and lost-time incidents.

ACMC Occupational Health places a strong emphasis on communication — with the company and the injured employee. We will work closely with you to understand job functions and options for the injured worker to avoid a lost-time claim.

Whether a business has 10 employees or 1,000 employees, ACMC Occupational Health can work with you to create the right injury-care program.

We focus on cost-effective treatment that causes less interruption to daily operation, less employee downtime, less money spent on hiring temporary workers, and ultimately, less money spent on workers' compensation.

Our commitment to a timely return to work speeds healing and helps ensure a faster recovery for the injured worker.

A benefit to ACMC Occupational Health is our extensive network of providers, including primary and specialty care. If an injury needs referral to a specialist, your employee is likely to be able to see a specialist at ACMC rather than have to leave Ashtabula County.
